EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elizabeth Wieckowski on 11-7-06.

The application has been amended as follows:

In the claims:

- A) In claim 14, line 1, insert the word "beta-secretase" after the phrase "biologically active".

Allowable Subject Matter

Claims 11-14, 22-28 are allowed.

The following is an examiner's statement of reasons for allowance: After considering the Declarations under Rule 1.131, and 1.132, filed by the applicants, swearing behind the priority date of the reference of Gurney et al. and confirming the type polynucleotide in the Biological Deposit ATCC 207159, followed by a diligent search, it was determined that the prior art neither teaches nor suggests a beta-secretase polypeptide comprising the transmembrane domain as claimed in claims 11-14, 22-28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
